

DOCKET NO. SC12810TK

REMARKS

Applicants are resubmitting an amendment document filed on November 12, 2004 that was non-compliant for failing to provide a complete listing of all of the claims. Correction of the non-compliance is herein implemented. In the November 12, 2004 communication, Applicants submitted a supplemental oath and declaration to correct an inadvertent error in the originally submitted oath and declaration. A copy of that supplemental oath and declaration is herein enclosed.

Applicants are requesting amendment to paragraphs 22 and 24 of the specification to include inadvertently omitted reference numbers that were originally provided in the drawings. This correction is related solely to a matter of form and entrance of the requested amendment adds no new matter.

Applicants are canceling non-elected claim 21 to place the application in condition for allowance. Claim 21 was previously non-elected without traverse in response to an election requirement. Applicants reserve the right to subsequently file a divisional application and include claim 21 in such divisional. In view of these amendments, Applicants request the reconsideration and allowance of claims 1-20.
